

20 week Business Accelerator Programme!

What we're offering you

We're offering a limited number of selected new business owners a FREE place on our 6th *20 week Business Accelerator Programme*. This will run from Sept 2016 - Jan 2017, in Rosyth, Fife. If successful, you will receive:

- Office space to encourage collaboration and networking,
- Weekly seminars to develop and challenge,
- A mentor who provides accountability, and much, much more!

Who are we?

Acorn Enterprise is on a mission to grow Scotland's start-up business culture. We educate and accelerate start-up businesses, from both the mainstream and those in Further and Higher education. We also offer rapid prototyping through our 3D printing services.

What our "awesome acorns" say

"Being part of the *20 week Business Accelerator Programme* has given me the tools I need to develop my business. Having a dedicated space where you can work, paired with regular skill building sessions has helped me increase my productivity and efficiency exponentially. *Acorn Enterprise* really does give its members, and their businesses, the support they need to help grow and I would recommend it highly to anyone starting up or looking to grow!"

- Sam Trett, Founder of LoCa Beverages
